Panel No.	Name	Result	Comments
1	Alan West		Good diversity. Mid L = good action shot.
2	Derek Trendell	HC	Buildings good - nice old/new contrast. Mid R needs more light in the eyes. Images work well together as a panel. Good contrast in all 3 pairs.
3	Graham Foote		Very good bird images. Sea scenes have good power, but formats could be better matched. Top R background treatment not good - too bright.
4	Jim Munday		Good balance throughout and good diversity. Good middle picture holds it all together.
5	Keith Taylor		Need to balance formats - swap top L & top mid. A lot to enjoy in an interesting panel. Good diversity.
6	Keith Newton		Low-key portraits. Mid R is a bit soft, but that suits the subject. However, needs a bit more light. Rimming around mid L portrait. Good diagonal balance.
7	Rita Morris		Visual overload! Quality of images a bit lacking. Like bottom mid & bottom R.
8	Chris Burns	HC	Different subject matter but images hang together well. Good colour match on bottom 2.
9	John Trigg		Mix of black & white mounts not good. Should be cohesive. More thought needed on presentation as a panel. Images a bit large. Portrait good.
10	Gagi Heuchel		Images work well as a set, but sizes could be better matched. Double mount good.
11	Chris Cranford	WINNER	Love top R and top mid. Good matching of sizes and styles. Works very well. Also Image No 74 (Nuthatch) is Judges choice for best print in show.
12	Simon Barrett		Sizes too disparate - need to match better.
13	Allan Paice		Mid R and bottom R going out of panel! Good ideas. Like circular mount in centre.
14	Ruth Webb		Images hang together well. Unusual bottom L - good. A good panel.
15	Colin Fieldgate	RUNNER UP	Good diversity. Colour match on centre 2 good. Good diagonal matching. Suggest swap top R / bottom L.
16	Fred Oudkerk		Bottom R good. Images work well together.
17	Roland Portsmouth		All images a bit over-enlarged. Bottom R a bit muddled. More contrast needed in Mid L.
18	Gary Baker		Flowers a bit over-enlarged. Deer a bit dark. Versatile panel
