## Section 1 - Introduction

This handbook contains the Rules, Regulations and general information for members of Yateley Camera Club.

Yateley Camera Club is a friendly, easy going camera club that welcomes anybody, of any age, with an interest in all things photographic. Hopefully this handbook will provide you with a starting point to all those questions about the club, but it cannot hope to cover everything, so if there is something that you would like to know please ask one of the committee members.

### Brief History

Yateley Camera Club came into being from evening classes in photographic portraiture organised by Hampshire County Council and tutored by Francis Spooner. Several of the students developed friendships and re-joined the evening classes each year. In 1974 Francis and David Watts (Centre Warden) arranged an inaugural meeting of the students and at this meeting Yateley Camera Club was born. Roland Portsmouth was elected our first Chairman and right from the start cultivated the friendly atmosphere that still exists today. Francis Spooner was elected President, a post he held until his death in April 2018. A membership of over 50 has been maintained for many years.

You can find a copy of this handbook on the Club's web site: [www.yateleycameraclub.co.uk](http://www.yateleycameraclub.co.uk)

The document can be read online or downloaded as a pdf file.

Amendments and comments about this document should be passed to the Handbook Editor. The document will be updated as and when necessary.

## Section 2 - Membership Subscriptions

Annual subscriptions for membership of Yateley Camera Club are decided on at the AGM on recommendation of the current Honorary Treasurer and are payable before the start of the camera club season in September. The monies collected cover the costs of hiring the meeting room(s), cost of speakers and judges, and general running of the club.

The Club is a non-profit making organization and the subscription fee levels are set to cover the cost of running the club over the season.

The current fees are £65, and payment should be made to the Treasurer by cash, cheque or by direct transfer by 31<sup>st</sup> August. Members wishing to pay by direct transfer should contact the treasurer for details. The types of membership subscription are:

- Standard individual
- Family (members of the same family living at the same address)
- Student (under 21 in full time education)

### Children, Young People and Vulnerable Adults.

The following paragraphs detail the Yateley Camera Club policy, in respect to the above. This policy has been prepared following the advice given in the PAGB document Children, Young People and Vulnerable Adults attending Club Meetings, Issue 1, dated 17th Feb 2015. This document may be found on the PAGB website:

[http://thepagb.org.uk/wp-content/uploads/child\\_protection.pdf](http://thepagb.org.uk/wp-content/uploads/child_protection.pdf)

For the purpose of this policy, Children, Young People and Vulnerable Adults will hereafter be referred to as 'vulnerable individuals'.

**Anyone under the age of 18 must always be accompanied by a responsible adult** (e.g. parent or guardian), while attending a club evening, or any other activity organised by YCC. This also applies to anyone over that age, who could be considered as being a 'vulnerable adult'. The **responsible adult** assumes full responsibility for protecting the vulnerable individual from any form of abuse, be it sexual, emotional or physical and from exploitation or any other action or activity that may be considered harmful.

The minimum age for a student member of YCC is 16 years. The minimum age for a guest is 12 Years. Please note that in both instances, the vulnerable individual must be always accompanied by a **responsible adult**, as detailed in the previous paragraph.

The **responsible adult** must be a full member of YCC. As such they will understand the nature of the images being displayed, or the activities on a particular club evening and will be able to decide if these are appropriate for the vulnerable individual to see or take part in. The **responsible adult** accepts full responsibility for this decision. It is not YCC policy to provocatively display adult themed images, though it is entirely possible on artistic grounds that they may be displayed appropriately. The **responsible adult** fully accepts this.

All club members are encouraged to read the PAGB document as it may apply, for instance, when taking photographs of friend's children or at school events.

## Section 3 - Activities and Facilities

### Meetings

The club usually meets at 7.45pm (for an 8.00pm start) on Wednesdays from September to May, at The Tythings, Reading Road, Yateley, Hampshire GU46 7RP. The final meeting of the year is usually the last Wednesday in May, but there can be an informal extended summer programme during June, July and August. The normal club meetings last approximately two hours with a 15-minute break for refreshments and close about 10.00 pm. Due to advances in technology occasional meetings may be held over Zoom.

### Guest speakers

Guest speakers are invited to the club during the season to talk on a wide range of photographic and related subjects. Speakers may use prints, slides or projected digital images (PDIs) to illustrate their talks, although occasionally a speaker will demonstrate printing, mounting or framing techniques. Occasionally the club will arrange for a “well known” photographer to speak to the club. These evenings may be held at other (larger) venues than the usual club meeting room to accommodate a larger audience.

### Competitions

The club runs several internal competitions for its members throughout the season and takes part in several local inter-club competitions.

Both Print and PDI internal competitions are run and all paid up members are eligible (and encouraged) to enter. Please see Section 5 of this document for details and rules.

Please see Section 6 of this document for details of the local inter-club competitions.

The club is a member of the **Southern Counties Photographic Federation (SCPF) and Surrey Photographic Association (SPA)** and takes part in competitions organised by these organisations. Please see Section 7 of this document for details.

### Practical evenings

The club runs a series of ‘practical’ evenings throughout the season. These are normally organised as part of the annual programme, but please refer to the current programme to confirm the dates. These evenings are run so that members can take part in, as the title suggests, a more practical evening. In the past studio, high-speed flash, table-top and Photoshop evenings have been run by the members.

The current programme will show the dates of the practical evenings and the theme of the evening: sometimes cameras will be required, other times a CD-ROM or memory stick with images. Members will be informed 1-2 weeks before the meeting.

### Exhibition

The annual exhibition is the highlight of the club’s season. The Exhibition Secretary will organise the exhibition and announce the dates well in advance for members to enter. Prints and PDIs are

exhibited. The exhibition is a great forum for members to display their work, and the club invites other clubs and organisations to participate.

All members are encouraged to enter the exhibition, but if you are not sure please speak to one of the experienced members who will be able to give you any necessary help and advice.

Section 8 of this document gives more information about the annual exhibition.

## **AGM**

The annual general meeting (AGM) is normally held the last Wednesday of the season's programme. This is a chance for the club to state its progress and position to the members, with reports from the president, chair, secretary, treasurer and other committee posts. Any proposed changes to the club's constitution (see Appendix 3) can be put to the meeting and agreed or otherwise. This is also a chance for the members to raise any issues, although this should be done two weeks prior to the AGM, according to the club's constitution.

## **Communications**

At each meeting the Chair will make announcements about forthcoming events. Notices and other information will be sent via a weekly email and can contain information such as competition results, external photographic competitions, photographic exhibitions and other photographic related information. In addition, the web site will be updated regularly with relevant information. The Club Forum, and E-mail may also be used to disseminate information; members who do not have internet access should contact the secretary and the programme secretary to arrange suitable alternatives. There is also an informal Facebook page that members and non-members can join.

## **Extended summer programme**

The Club season runs from September to the last Wednesday in May. To maintain contact with club members during the 'closed' season several events may be organised during June, July and August on the usual club nights. These events may be more practical in nature and may be outside to take advantage of the lighter evenings. The extended programme events are self-funding so if a room is required then a small charge is made to the members attending to cover these costs.

Please refer to the current programme or website for details of these evenings or listen out for the announcements towards the end of the season.

## **Web site and Forum**

The club maintains a web site and Forum at [www.yateleycameraclub.co.uk](http://www.yateleycameraclub.co.uk) where you will find the most up to date information about the programme, exhibition and general club information, as well as a copy of this document. Also the results with images for all internal competitions are displayed on a members only access page. Links are provided to members' Flickr sites, so their work can be displayed. If you have some images, you would like displayed, please contact the web site co-ordinator for details of how to do this.

### **Expert advice**

The club has many experienced photographers amongst its members, so advice and guidance on virtually any aspect of photography is readily available. Please speak to the Development Secretary if you want to know the right person to answer your photographic questions.

### **Focus Group**

The Focus Group is a sub section of the Yateley Camera Club and meets on the second Tuesday of each month via Zoom for two hours from 8:00pm. The purpose of this group is to provide a forum where members can submit an image for honest critique from the other members. This is useful for new members who may be apprehensive about submitting an image into a club competition. It is also useful for all members to learn new techniques in post-processing their images. Each image is discussed and commented on, and different edits are made using Lightroom and Photoshop. As part of the editing process, we discuss different views on composition. We typically get about 10-12 members at each meeting, which allows for ample time for discussion.

### **Other activities**

The club has on occasion run photographic trips to events or places of interest. If a mini-bus or coach is booked, then a charge will be made. Otherwise, it might just be a group of club members getting together to go to photograph a local event and sharing transport costs.

The club may run other activities not described in this handbook. Please check the website and listen out for announcements and details.

## Section 4 - Club Organisation

Appendix 3 of this document shows, in full, the Yateley Camera Club constitution. Several officers and members are elected at the AGM to serve on the committee, and these individuals take on their roles with immediate effect following the AGM. Although for some roles there will be a hand over period to ensure a smooth transition from person to person.

The constitution states the officers of the club are:

## Section 5 - Internal Club Competitions

### Overview

Each season the Club runs the following internal competitions: **Open Print, Open PDI, Theme Print, Theme PDI and Finals Night**. The rules applicable to each competition are explained in this section.

The competitions are judged by independent judges who are invited to the club to provide a constructive critique of each image before awarding marks out of 10 for each image or by selecting the winning entry, depending upon the competition. Judges are encouraged to use a 'full' range of marks when scoring images. In practice this would be from 7 to 10 in Division 2 and from 6 to 10 in Division 1. Where competitions are not divided into divisions, the marking should be from 6 to 10. Half marks are included for all.

All marks are recorded by the Internal Competition Secretary and used to determine the Annual Winners.

Results are to be published on the Members' Section of the club website as soon as is practicable after the competition.

The Open Print and Open PDI competitions are separated into 2 divisions: Division 1 and Division 2. The Theme Print, Theme PDI and Finals Night competitions are *not* divided into divisions and are open to all YCC members.

**To further develop member's photography an image can only be entered once in any YCC Internal Competition (open or theme, print or PDI).** The only exception is, of course, Finals Night. **All images must be substantially different.** In the context of this handbook, *substantially different* means that images should not share, or appear to share the same content and composition. As this may be a subjective judgement, it is hoped that members will understand the spirit of this rule and act accordingly. The Committee also have the right to examine metadata on images in question.

### Photographer's Own Work

Yateley Camera Club (YCC) is a member of the Southern Counties Photographic Federation (SCPF), the Surrey Photographic Association (SPA) and is also affiliated to The Photographic Alliance of Great Britain (PAGB).

YCC follows the competition rules laid down by the PAGB, and by extension the SCPF and SPA. Regards to originality: "Images must be entirely the work of the Photographer". In composite images, all component images must meet this requirement. For the avoidance of doubt, use of images from any other source including, but not limited to, royalty free image banks and clipart and the use of AI are not permitted.

All competition entries at YCC, projected or printed, must therefore meet these rules. Any images entered for internal competition at the club or for external competition or league must be entirely the work of the Photographer

Guidance: To develop their photography, members are encouraged to attend professionally run Photography Workshops. The skills and lessons learned from these may be applied to the member's

own photography, and images that are subsequently created and that are wholly the work of the member may then be entered into YCC competitions. Images taken under the guidance and tutelage of Professionals (paid or not) at Photography Workshops are not considered to be the “Photographer’s Own Work” and should not therefore be entered into YCC competitions.

### **Image Critique or Review and Focus Sessions**

From time to time, YCC holds Image Critique or Image Review Sessions. These may be hosted by a YCC member, or an external judge. The aim of these sessions is to give guidance to members on how their images may be improved. As these images are initially the photographer’s own work and any improvements will be carried out by the photographer him/herself, such images are eligible for YCC competitions.

From time to time, YCC holds Focus Sessions, where members’ images are discussed and suggestions made for improvement. An image modified by the session leader is of course ineligible for competitions, but the same image subsequently modified by the photographer him/herself, in the light of suggestions made, is eligible.

From time to time, YCC holds Virtual competitions (VYCC). These competitions are not considered part of the usual Open Print, PDI or Theme competitions, so images entered in VYCC competitions may also be entered into YCC competitions.

Images entered in Un-judged (UJ) classes may subsequently be entered into scored classes, with or without modification.

**To be clear, any editing or modifications to an image must be carried out by the photographer him/herself, otherwise the image cannot be the ‘Photographer’s own work’ and is therefore ineligible for YCC and external competitions. Also, where parties other than the photographer have made a significant creative contribution to the image, the photographer must consider whether their own contribution is sufficient to claim the image as their own work. If the photographer is in any doubt over this, he/she should not enter the image into competitions.**

### **The Divisions System**

YCC Members are separated into Divisions for Open Print and Open PDI competitions. A member may be in the same Division for both competitions or different divisions for each competition.

At the end of the season the top four (4) competitors in Open Print Division 2 will generally be transferred to Open Print Division 1 and the bottom four (4) competitors in Open Print Division 1 will generally be relegated to Open Print Division 2.

Similarly, at the end of the season the top four (4) competitors in Open PDI Division 2 will generally be transferred to Open PDI Division 1 and the bottom four (4) competitors in Open PDI Division 1 will generally be relegated to Open PDI Division 2.

The committee will review the number moving from Division 1 to Division 2 (Print and PDI) and vice-versa to ensure a balance between the divisions.

Members who are dissatisfied with competing in a particular division may be allowed to transfer to another division. Requests for such transfers shall be made to the Internal Competition Secretary. Requests for transfer will be at the discretion of the Committee.

A new member joining the Club will start in Division 2 for both Print and PDI competitions.

### Open Print Competitions

Four (4) Open Print competition evenings will be held throughout the season. Entries for Division 1 and Division 2 will be accepted. Each member may enter up to two (2) prints in their division.

The work is to originate from a photographic image (film or digital), enhancement or manipulation by any existing technologies must be the work of the member, and commercial printing is acceptable. The work is to be mounted, and the mount size is not to exceed 500mm x 400mm. Note: Members are encouraged to mount their prints on 500mm x 400mm board, since this mount size is the standard size for SCPF and SPA competitions. Please note the details in the **Print Submissions** section. A PDI submission is also required for each image.

The judge will award a mark out of 10, including half-marks, for each image. All marks will be recorded, but only the best 6 marks (out of a possible 8) will go towards the photographer's final total for the year.

### Open PDI Competitions

Four (4) Open PDI competition evenings will be held throughout the season. Entries for Division 1, Division 2 and Critique Only classes will be accepted. Each member may enter up to two (2) PDIs in their class.

All the work included is to originate from a photographic image/images taken by the photographer and can be enhanced/manipulated by any existing technologies by the member.

Entries are to be sent to [yateleycameraclub@gmail.com](mailto:yateleycameraclub@gmail.com) before midnight on the Saturday before the competition. Please note the details in the **PDI Submissions** section.

The judge will award a mark out of 10, including half-marks, for each image (Division 1 and Division 2 classes only). All marks will be recorded, but only the best 6 marks (out of a possible 8) will go towards the photographer's final total for the year.

### Theme Competitions

The Theme Competitions are *not* separated into divisions and are open to all Members.

Throughout the season three (3) Theme competitions will be held. The subjects for these competitions will be announced at the end of the previous club season, to allow members to produce work ready for the first competition of the following season. The subjects will be different for the Print and PDI Competitions.

Please note the title of the theme and enter images that interpret this theme. It is a condition of the Theme competitions that **images entered must have been taken after the announcement of the Themes** (generally at the AGM). This is intended to encourage members to take images *specifically*

for the theme competition, rather than select old images that 'fit the theme'. Again, images must only be used once in any internal competition. See last paragraph of *Overview*, above.

Rounds of the Theme Print Competitions and Theme PDI Competitions will be held on the same evening and 3 entries in total (not 4) are allowed per member. Either 2 Prints and 1 PDI, or 2 PDIs and 1 Print. This is to ensure we don't get too many entries to judge on the night.

### **Theme Print Competitions**

The work is to originate from a photographic image (film or digital), enhancement or manipulation by any existing technologies must be the work of the member, and commercial printing is acceptable. The work is to be mounted, and the mount size is not to exceed 500mm x 400mm. Note: Members are encouraged to mount their prints on 500mm x 400mm board, since this mount size is the standard size for SCPF and SPA competitions. Please note the details in the **Print Submissions** section. A PDI submission is also required for each image.

The judge will award a mark out of 10, including half-marks, for each image. All marks will be recorded, but only the best 3 marks (out of a possible 6) will go towards the photographer's final total for the year.

### **Theme PDI Competitions**

All the work included is to originate from a photographic image/images taken by the photographer and can be enhanced/manipulated by any existing technologies by the member.

Entries are to be sent to [yateleycameraclub@gmail.com](mailto:yateleycameraclub@gmail.com) before midnight on the Saturday before the competition. Please note the details in the **PDI Submissions** section.

The judge will award a mark out of 10, including half-marks, for each image. All marks will be recorded, but only the best 3 marks (out of a possible 6) will go towards the photographer's final total for the year.

### **Annual Scoring**

All scores will be recorded for each Internal Competition, as described above. The Internal Competition Secretary will display the results on the Forum, after each competition. The 'league tables' for each Division will also be shown and after the final competitions, these tables will determine the winning, promoted or relegated photographers in each competition, as described in **The Divisions System** section.

### **Count-back System**

In the event of a tie, the best scores of *all* competitions will be considered. (So, there is a potential benefit in members entering all competitions).

If there is still a tie then the Competition Secretary will consider the highest score from the members concerned, then the next highest, and so on, until a differential is obtained giving a clear winner.

If after all entries have been considered, there is still no clear winner, then a tie will be announced.

## Photographer of the Year

All the Internal Competition scores are aggregated in the Photographer of the Year (POTY) table. This table is updated after each competition and at the conclusion of the last Internal Competition of the season, the winning photographer is shown.

Incidentally, the POTY table shows a complete record of scores for each photographer, for all 14 Internal Competitions.

## Print Submissions

Prints must be handed in to the Competition Secretary by 7.45 pm on the competition evening. A PDI version of each Print together with the title of the prints entered must also be emailed to the club at [yateleycameraclub@gmail.com](mailto:yateleycameraclub@gmail.com) by midnight the Saturday before the competition. The PDI naming must be in accordance with the usual PDI submission rules below.

For **Open Print** competitions:

**OPrintn Div1-Title-Author.jpg** where 'n' is the number of the competition i.e. 1 to 4.

or **OPrintn Div2-Title-Author.jpg**

or **OPrint UJ-Title-Author.jpg** Where 'CO' indicates the Un-judged class

Example: **OPrint4 Div1-A Great Image-Joe Bloggs.jpg**

The competitor must mark prints on the back of the mount with the following:

- Name
- Title of Image (Note: Titling a print 'Untitled' is not allowed)
- Date
- Judge
- Competition Section: (Open or Theme)
- Division 1 or Division 2 (Open Competitions only)

The Club will provide labels for this purpose and a template is also available on the club's website for members who wish to print their own.

The Internal Competition Secretary is to ensure that the marks awarded are entered on the back of the Print and recorded on the competition sheet for the evening and entered the competition spreadsheet.

## PDI Submissions

All PDIs must be submitted to the Digital Image Co-ordinator via e-mail at [yateleycameraclub@gmail.com](mailto:yateleycameraclub@gmail.com) by **midnight of the Saturday** before the competition.

It is important that images are re-sized for projection otherwise they will not project correctly. The maximum size for projecting a landscape image is 1600 pixels wide by 1200 pixels high. Please check that *neither* of these values is exceeded. If either is exceeded, then it must be reduced and the other changed in proportion. If the image is portrait format, then it will have to be resized it so that the height is no more than 1200 pixels. This does mean that portrait shaped images are smaller on the

screen than landscapes. Images not correctly sized and formatted will not be accepted. The file must be submitted as a maximum quality Jpeg (.jpg) file in sRGB colour workspace. Typically, this will produce a file size between 800kb and 1.6Mb.

To facilitate the automatic entry features of Magic Lantern (the competition software currently in use at YCC) the image filename should conform to the following:

For **Open PDI** competitions:

**OPDIn Div1-Title-Author.jpg** where 'n' is the number of the competition i.e. 1 to 4.  
or **OPDIn Div2-Title-Author.jpg**  
or **OPDIn UJ-Title-Author.jpg** Where 'CO' indicates the Un-judged class

Examples: **OPDI1 Div2-A Great Image-Joe Bloggs.jpg**  
**OPDI3 UJ-A Great Image-Joe Bloggs.jpg**

For **Theme PDI** competitions:

**TPDIn-Title-Author.jpg** Where 'n' is the number of the competition i.e. 1 to 3

Example: **TPDI1-A Great Image-Joe Bloggs.jpg**

For **Theme Print** competitions:

**TPrintn-Title-Author.jpg** Where 'n' is the number of the competition i.e. 1 to 4.

Example: **TPrint1-A Great Image-Joe Bloggs.jpg**

For Interclub competitions, **Spectrum, Heywood, Molesworth & Rainbow:**

Advice on re-sizing digital images can be found on the Members' Section of the club website at [www.yateleycameraclub.co.uk](http://www.yateleycameraclub.co.uk)

Any PDI image submitted for a club competition may be used on the club website, unless a member sends a request in writing to the PDI Co-Ordinator that their images should not be used on the club website. Copyright of the original author will be preserved.

## Images Retained by YCC

Prints that score 9 or more (or are selected by the External Competition Secretary) in Internal Competitions, will be retained by YCC to go forward to the selection process for Images to be used to represent YCC in External Competitions. These will, of course, be returned to the photographer in due course. If any are required by the photographer for, say, the YCC Annual Exhibition, please contact the External Competition Secretary.

PDI's that score 9 or more will also be chosen to go forward to the selection process for Images to be used to represent YCC in External Competitions.

## Finals Night

This competition is held after the last internal competition of the season to find the best Print and the best PDI from the year's Open and Theme Internal Competitions. Members will be advised how many images they may enter for the evening. Images for Finals Night must have been previously entered in Open or Theme Internal Competitions in the current season. Images entered in Local Inter-Club competitions; Molesworth, Rainbow, Heywood and Spectrum (or any other competition) are not eligible, unless they have also been entered in Open or Theme Internal Competitions.

No changes are permitted to any Finals Night Image, different crop, exposure adjustment, etc., etc. The image must be as identical as it was when entered in the Internal Competition. Generally, a print will have been retained by the External Competition Secretary anyway and PDIs will be stored on the Club Laptop. So, members do not have to re-submit images for Finals Night. Also, an image originally entered as a PDI cannot be entered on Finals Night as a Print and vice-versa.

This competition is *not* separated into divisions and is open to all Members.

The criteria for a **single** Print entry are as follows:

- A member must have entered at least 3 Open Print Competitions
- Alternatively, a member must have scored a 10 in Print Competitions (Open and Theme)

The criterion for a **second** Print entry is as follows:

- A member must have scored 3 or more 10's in Print Competitions (Open and Theme)

The criterion for a **third** Print entry is as follows:

- A member must have scored 5 or more 10's in Print Competitions (Open and Theme)

The criteria for PDI entries are the same as above, substituting 'PDI' for 'Print'

**Please note that the above criteria may be adjusted each year, to keep the entries down to a reasonable number for judging on the night.**

Judging will be done by an external judge who will critique each print and PDI and award a First, Second and Highly Commend to the best prints and PDIs on the night.

## Section 6 - Local Inter-Club Competitions

**Molesworth Cup and Rainbow Trophy, Heywood Trophy and Spectrum Trophy** – These competitions aim to promote a spirit of friendly rivalry with local clubs and seek to cover a wide range of photographic techniques. All paid-up club members are eligible to compete, there is no selection process. The other clubs involved, and their meeting venues are:

**Aldershot, Farnham & Fleet CC** - Hale Institute Village Hall, Wings Rd, Farnham GU9 0HN

**Farnborough CC** - Cody Sports and Social Club (CSSC). The Fairway, Farnborough GU14 0LP.

The hosting of these competitions is rotated between the clubs. The host club is responsible for arranging the meeting, providing a judge and informing the other clubs how entries are to be submitted. Please refer to the current programme to find out when and where the competitions are held during the current season.

Members entering prints and projected digital images (PDIs) are encouraged to attend the competition. In addition, they shall inform the host club of the title(s) of their entry at least 7 days before the competition, along with a PDI Thumbnail of the entered print(s). Prints shall be handed in to the host club at least 15 minutes prior to the published start time of the respective competition – different rules apply to PDIs (see below).

**Images entered in the 4 competitions should not have been entered in any of the 4 competitions previously.** Hence an image once used in one of the competitions may not be used in another format on the same evening or later. For this rule, an image will be deemed to be the same as another, albeit in a different format, where there are no material differences between the two. All images must be the original work of the photographer. All images entered will be displayed for assessment by the judge. Images must have titles which will be read out during the judging. The judge will be asked to select several images for further consideration and from these to choose First, Second, Third and a small number of Highly Commended.

Please note that for the Molesworth and Rainbow competitions, **a PDI version of each Print is also required to be submitted.** PDIs for all four competitions should be entered in accordance with the usual PDI Submission rules, above.

### Molesworth Cup

Images eligible for entry in the Molesworth Cup competition are **monochrome prints**, which means black and white photographs plus fully toned images which have one colour across the whole image e.g. sepia. (Monochrome images with one colour highlighting part of the subject matter will not be accepted in this competition but will be eligible for the Rainbow Trophy.)

### Rainbow Trophy

Images eligible for entry in the Rainbow Trophy competition are **colour prints**. Prints may be derived from any photographic process and must be mounted. The size of the print, including the mount, must not exceed 50cm by 40cm, in either landscape or portrait format. Each print must have the title of the image and the photographer's name and club written clearly on the back.

The Molesworth Cup and Rainbow Trophy are usually held on the same evening. Club members may enter one print in the Molesworth Cup and one print in the Rainbow trophy.

### Heywood Trophy

Images eligible for entry in the Heywood Trophy competition are **PDIs of any kind**, if the original image was produced photographically.

### Spectrum Trophy

Images eligible for entry in the Spectrum Trophy competition are **PDIs** that fall within the type of photography indicated by the Set Topic for the respective year of the competition as advised by the host club. The Set Topics are listed below and will be used on a cyclical basis:

- Natural History
- Action Photography
- Portraiture (Formal and Informal)
- Landscapes
- Black and White or Monochrome
- Creative
- Architecture
- Macro and Micro

The host club is responsible for advising the specific requirements for preparing and titling of the PDIs, but certain standards will apply:

- Maximum image size – as advised by the host club at least 1 month prior to the competition.
- Image format – jpeg format should be used, and the colour space sRGB.
- Timing – all images to be with the host club at least 7 days prior to the competition, sent either by email or uploaded to a website as stipulated by the host club.
- Identification – each member entering the competition shall provide adequate information on titles and photographer’s name and club with each image file in the format specified.

The Heywood Trophy and Spectrum Trophy are usually held on the same evening. Club members may enter one PDI in the Heywood Trophy and one PDI in the Spectrum Trophy.

## Section 7 - SCPF & SPA Competitions and Membership

### Photographic Alliance of Great Britain (PAGB)

Yateley Camera Club is affiliated to the PAGB through its membership of the Southern Counties Photographic Federation (SCPF) and the Surrey Photographic Association (SPA).

The following is taken from the PAGB website (<http://www.thepagb.org.uk>) which best describes the role of the PAGB.

“The Photographic Alliance of Great Britain (PAGB) is an organisation that co-ordinates specific activities for photographic clubs in England, Scotland, Wales & Northern Ireland. It does this through 15 geographical regions known as Federations.

The PAGB organises national competitive photographic events for its Federations and for clubs. It also offers other services such as Recorded Lectures to clubs and its own photographic Distinctions (known as awards for photographic merit) direct to qualifying club members.

The PAGB has strong links with similar organisations in different countries throughout the world through its membership of FIAP (The International Federation of Photographic Art). Individual membership to the PAGB is not possible. Access to the facilities described above is via membership of a club that is affiliated to the PAGB through its Federation.

The PAGB is run by an Executive Committee whose members are nominated and elected from members of each Federation at the Annual General Meeting each April. This executive meets three times per year to discuss and arrange the events and matters related to the PAGB.”

Please refer to the PAGB website for more information.

The PAGB produces a regular e-newsletter, which is distributed by our SCPF/SPA Rep to members via the Forum.

### Federation membership and inter-club competitions

As Yateley is close to the Hampshire / Surrey border the club is allowed to be a member of both the SCPF and SPA:

- Southern Counties Photographic Federation - <http://www.southerncountiespf.org.uk/>
- Surrey Photographic Association - <http://www.surreypa.org.uk/>

As members of these ‘federations’ the club is entitled to compete in the inter-club competitions and to take part in the federation events.

SCPF holds an annual exhibition and organise the Print and PDI Leagues and Annual Print and PDI Championships that the club enters.

SPA organise annual Inter-Club Print and PDI Championships which the club enters, an Individual’s Print and PDI Competition and holds a biennial exhibition for members of SPA Clubs.

If you are asked to contribute prints and digital images to the selection process for these competitions, please make every effort to do so. There are several rules that the club must follow, such as a maximum number of images from any one member, and so the more prints and PDIs available for selection, then potentially the stronger our section will be. Please remember though, that any prints or PDIs selected will need to be retained by the club for the season.

## Section 8 – External Competitions

### Introduction

As stated in the Club’s Constitution “A further aim is to develop a high club profile and ensure that YCC continues to be held in high regard throughout the local communities in the U.K. and Europe.”

To this end, the club has an ambition to get into and stay in the top divisions of the print and PDI leagues in which we participate, to win awards in those competitions in which we participate, and to promote the work of individual members.

The External Competitions Secretary (ECS) is responsible for managing the process of selecting suitable images and for entering these images into appropriate external competitions. It should be noted that the actual selection of images is not down to the ECS alone, but rather to a panel of members, selected from club members that have performed well in YCC internal competitions.

### Initial Selection of Images

The initial selection of images that will be considered for external competitions is made by the score they receive in internal competitions. Any Print or PDI in any Open or Theme internal competition scoring 9 or above will be retained, for possible entry in external competitions. This applies to entries in both Division 1 and Division 2

In addition, Prints or PDIs from Division 1 that score 8.5 may be retained if the ECS considers that the image is worthy of consideration.

### The Selection Panels

A total of four Selection Panels are required for the final selection of images. Two panels sit in June, one for Prints and one for PDIs and similarly, two in January. Each panel comprises 4 of the top-performing members from the previous season, plus the ECS.

On completion of the annual Open Print and PDI internal competitions in May, the league tables are available to identify YCC's best-performing photographers. For selecting the panel members, the league tables for Open Print Div 1 and Open PDI Div 1 are combined, giving a list of members in descending order, based on their best 5 scores (out of 6 competitions) for both Print and PDI classes. Where members appear in both classes, their *lower* scoring record is deleted, so they only appear once in the list. Thus the 8 best-performing members are identified, excluding the ECS.

If any member does not want to be on a Selection Panel, then that member will be removed from the list and the place will be offered to the 9<sup>th</sup> placed member, and so on.

The Print Selection Panel for June will usually be members finishing in the top positions in the Print league.

The PDI Selection Panel for June will be those 8 members not selected for the Print Selection Panel.

The PDI Selection Panel for January will be those members who participated in the June Print Selection Panel

The Print Selection Panel for January will be those members who participated in the June PDI Selection Panel.

If any member is unable to attend a particular Selection Panel, then the members may be swapped or substituted, at the discretion of the ECS.

### **Reviewing and scoring Prints**

Prints are displayed at the Tythings or another local venue on a Saturday, and the five panel members will attend in person to review and score images. Completed score sheets are emailed to the ECS.

### **Reviewing and scoring PDIs**

Each panel member downloads the images to be reviewed from the YCC Google Drive, for scoring at home. Completed score sheets are emailed to the ECS.

### **Final selection of images for external competitions**

Panel members score an image between 2 and 5 marks. Each image has total points scored out of 25, and a mid-3 score, where the highest and lowest marks are excluded, giving a total points score out of 15. To qualify for final selection and entry into external competitions an image must score a minimum of 12.

Once the panel has scored the PDIs and Prints, the ECS will produce a shortlist of images having a mid-score of 12 or more. Each panel member will provide a critique, if appropriate, of each image if they feel that an image would be strengthened by further processing and/or printing. The photographer concerned will be asked if they wish to re-process their image, which will then be subject to a revised scoring process.

It may be that a Print image could be considered for a PDI competition or vice-versa. In this case, the photographer would be asked if the image could be provided in the alternate medium. The image would again be subject to a revised scoring process.

Once re-edited images have been scored, the ECS will rank images by Total and Mid-Scores and propose which images go into which competitions.

The panel will discuss and agree the final selection for external competitions.

### **Guidelines for retaining prints and PDIs to be included in the next panel selection**

Only Prints and PDIs having a minimum mid-score of 11 should be retained for review at the next panel.

Prints and PDIs may only be entered into 4 consecutive panels, at which point they are no longer eligible for selection.

## Section 9 - Annual Exhibition of Photography

NOTE – For the 2024-25 Season a new format for the exhibition is being trialled. If this is successful this section will be updated accordingly.

The Club Exhibition is the highlight of the Club's year. All members are invited to exhibit their work, with the option of having it judged or not judged. The only criteria to exhibit are:

- Exhibitors must be a fully paid-up member of the club.
- Exhibitors agree to abide by the rules of the exhibition, as stated below.

Work may be submitted in any of the following eight classes

Class	Description
1	Open Print Collection (Judged)
2	Theme Print Panel (Judged)
3	Open PDI Collection (Judged)
4	Theme PDI Panel (Judged)
5	Open Print Collection (Not Judged)
6	Theme Print Panel (Not Judged)
7	Open PDI Collection (Not Judged)
8	Theme PDI Panel (Not Judged)

**The entry form for the Exhibition will be an on-line Google Form. All members will be provided with a link to this form about 8 weeks before the Exhibition.** Members are encouraged to complete the form as early as possible because entries to the Print Classes may be limited and will be accepted on a 'first come, first served' basis. However, all members are guaranteed at least one Print entry

- Members may enter images in any of the 8 classes
- Members may make more than one entry in the PDI classes
- Members may make more than one entry in the Print classes, subject to available space. (on a 'first come, first served' basis) However, all members will have the opportunity to make at least one entry.
- All Prints should preferably be mounted on the usual 50cm x 40cm mountboards, but this is not mandatory.
- All PDI's should conform to the usual 1600w and 1200h max dimensions
- A **Panel** of images should work together visually. Mounts of the same colour and size; images of the same size, tone or colour; subjects leading the eye into the Panel, rather than out of the panel. All these factors (though not mandatory) help to produce a harmonious and balanced panel. The Judge will consider the above, when determining the best Panel.
- A **Collection** of images do not have to work together. They will be judged on an individual basis. It is hoped that this will encourage members to enter their best images.

- Members should arrange to get their **Prints** to the Exhibition venue at the required time. The venue address, date and time will be advised to all members, well in advance of the Exhibition. **PDI versions of prints are not required.**
- Members should submit **PDI's** to the usual [yateleycameraclub@gmail.com](mailto:yateleycameraclub@gmail.com) address approximately 2 weeks before the Exhibition. This is to allow enough time for all the images to be collated, Judged and made into a slideshow, which will run on a loop for the duration of the Exhibition. The actual date will be advised to all members, well in advance of the Exhibition.
- The fee is currently £5 per entry, up to a max of £15. So, 4 or 5 entries will still cost just £15! The entry fees may be revised in future years, but any changes will be advised to all members, well in advance of future Exhibitions.

## Print Display Space

For the Print classes, prints will be exhibited within a 1.2 m wide x 1.5 m high (approx.) display space. (Half of one of the print racks normally used for YCC competitions). Prints can be any format but must be mounted, there is no restriction on print or mount size. Please see **Entry Classes – Summary Details** for the quantity of Prints allowed. The Open class is a COLLECTION of prints rather than a panel and so differences in mounting techniques and arrangement of prints is not judged.

Theme Print Panels must have an overall Title/Theme, which the judge will use to evaluate the relevance of the images in the Panel.

There is a limit of the number of Print display panels available, but all members are guaranteed one Print Panel entry and further panels if available on a ‘first come, first served’ basis. Should there be a shortage of display spaces, members will be contacted to discuss which entries to display.

Panel positions will be allocated at random before the exhibition date. The club will provide labels for print numbers and panels for members submitting work; members’ names will be placed on the panels after the judging has taken place. Theme titles should be given to the Exhibition organiser in advance so that labels can be made.

## PDI Classes

Please see **Entry Classes – Summary Details** for the quantity of PDI’s allowed in each class. The maximum size of an image is 1600(w) x 1200(h) pixels. The file must be submitted as a maximum quality jpeg (.jpg) file in sRGB colour workspace.

As Magic Lantern is not used to display the images, a rigid file name convention is not required. However, the file name should contain the following information: Image number, Image title (optional), your name and class (e.g. No 1-Joe Bloggs-A Great Image (O).jpg). Where O = Open T = Theme.

Theme PDI Panels must have an overall Title/Theme, which the judge will use to evaluate the relevance of the images in the Panel.

Please note that the Judge will be asked to judge the Theme PDI class AS A PANEL. (Think of them as a row of prints, displayed from left to right). As the position of each image may now be significant, please ensure they are numbered correctly. (Leftmost image is No 1)

There is no limit on the number of PDI Panels or Collections that can be displayed, so each Member may submit several, if so desired.

### **Bun Welham Trophy**

The Bun Welham Trophy was donated by a previous member of the club and is presented to the photographer who produced the most popular print at the annual exhibition, as voted for by the public in a secret ballot. The print with the most votes at the end of the exhibition is awarded the Bun Welham Trophy.

### **Footprint Trophy**

The Footprint Trophy was donated by the late Graham Foote, a longstanding member of the club and is presented to the photographer who produced the most popular print at the annual exhibition, as voted for by the Club members in a secret ballot. The print with the most votes at the end of the exhibition is awarded the Footprint Trophy.

### **The 8 x 8 x 8 Competition**

This competition was initiated by our first President, Francis Spooner and is a print competition for 8 pictures from 8 different members from 8 invited clubs. This competition is judged as a panel by judges from within the club. The trophy is awarded to the best panel and is presented at the close of the exhibition.

### **Other organisations**

Other organisations may be invited to exhibit work at the discretion of the Exhibition Secretary after taking advice from the Club Committee.

The appointed Exhibition Secretary, who may amend some of the above, will issue full details nearer the Exhibition date.

## Appendix 3

### Yateley Camera Club Constitution

The official name of the club is Yateley Camera Club (YCC), formed in 1974 for the Members to further their enjoyment of photography by education and competition in a warm friendly atmosphere; all forms of photography are acceptable provided that the images are those of the member. The main aims of the club are to retain a healthy membership by providing activities that allow members to explore and develop their own particular photographic interests, to retain that which is good (like the annual exhibition and friendly association with British and European camera clubs) and to progress in line with changing photographic styles and technology. A further aim is to develop a high club profile and ensure that YCC continues to be held in high regard throughout the local communities in the U.K. and Europe.

1. The Club shall be called Yateley Camera Club, and membership shall be open to all those interested in photography.
2. Membership of the club is an undertaking to comply with and abide by these rules.
3. All members must comply with the Emergency Evacuation procedure if the meeting venue has one. Failure to comply may result in rule 14 being invoked. A clipboard will be displayed near the entrance to the room in use, and it is the responsibility of each member to record their presence and early departure.
4. The Annual subscription shall be fixed for the following year at the Annual General Meeting and be due before the first meeting of the new season. The name of any member whose subscription is more than one month in arrears may be removed from the membership list after due warning has been given, by order of the Committee.
5. Any member that has not paid their subscription is not eligible to enter any Club competition, except at the discretion of the Club Committee.
6. Any member not in arrears may resign at any time by notification to the Secretary of the desire to do so.
7. The officers of the Club shall comprise of: President, Vice President, Chairman, Vice Chairman, Membership Secretary, Hon. Treasurer, Secretary, Programme Secretary, Internal Competition Secretary, External Competition Secretary, Exhibition Secretary and Development Secretary.
8. The affairs of the Club shall be managed by a committee consisting of the Officers who are elected annually. No member, being an officer of another Camera Club, may hold office on the Committee of Yateley Camera Club. The Committee has the right to co-opt additional Committee Members as required.
9. Apart from the President, who is elected for a specified period or until resignation, all Officers are eligible for re-election annually. No member shall hold the same post for more than three consecutive years, except where there are no other nominations for that post.
10. The Officers and Committee Members shall be elected at the Annual General Meeting. Nominations for Officers and Committee Members shall, with the consent of the nominee, be proposed by a club member and seconded by another member and be notified to the Secretary 14 days prior to the A.G.M. Election for the appointment shall, in the event of more than one nomination, be by simple majority ballot. The election

may or may not be carried out by secret ballot at the discretion of the A.G.M. Chairman. Nominations for Officers or Committee Members may be accepted from the floor, again at the discretion of the A.G.M. Chairman. The newly elected committee will take office immediately and the first meeting of the new committee must be held within 3 weeks of the A.G.M.
